Mr. Yank Barry,  
Global Village Champions Foundation  
P.O. Box AP-59223 Slot 346  
Nassau, The Bahamas

Dear Mr. Barry,

Please accept our heartfelt thanks for your generous donation. We at the Bahamas Red Cross are sincerely appreciative of your support in the wake of hurricane Francis. Many people will remember the destruction left by that category three hurricane but they will also remember the assistance that we were able to provide thanks to your gift. The forty-foot container filled with Vitapro dehydrated vegetable protein that you delivered to us provided over one million hot nutritious meals. The accompanying twenty-foot container loaded with emergency medical supplies enabled us to address the needs of hundreds of people. More importantly, the shipment of medical supplies helped us to replenish our inventory and allowed us to be prepared for the next crisis.

Mr. Barry, your ongoing support through Global Village Champions means so much. Thank you from our entire staff.

Yours sincerely,

Marina C. Glinton (Mrs.)  
Director General
