Dear Mr. Berry,

Re: Gala Ball - Kingdor National Parkinson Foundation

On behalf of Kingdor National Foundation, I wish to thank you most sincerely for the role you have played in the resounding success of the organization's fifth annual Gala Ball. The theme of the occasion was "Together We Can Win", you have definitely helped us make the function a win by supplying us with t-shirts and other paraphernalia.

This event was celebrated under the distinguished patronage of the Honourable Dr. Marcus Bethel, Minister of Health and Mrs. Chantal Bethel and Mr. Vernon Symonette, C.M.G., J.P. and Mrs. Phyllis Symonette. Special guests were Mr. Dwight Lauderdale from W.P.L. 3, Channel 10 News and Mrs. Minnie Lauderdale, Mr. Adolfo Diaz from the National Parkinson Foundation in the United States and Mrs. Lillie Diaz and our esteemed Governor General, Dame Joy Dumont and her husband, Reginald Dumont.

Monies derived from this event would be utilized to provide diagnostic and therapeutic services to Parkinson's and Alzheimer's victims and improve the quality of life for the patient care, educate the populace and find the cause of and cure for neuro-degenerative disorders, through research. Kingdor National Parkinson Foundation is committed to ensuring that persons with neurological conditions live lives of dignity and sufficiency.

Once again, thank you sincerely and may God continue to bless you, your family and your establishment.

Yours sincerely,

Mrs. Mavis Darling-Kill
Chairperson
